**Calanova Golf**

**Alhaurin Golf**

**Marbella Golf**

**Santa Clara Golf**

**Calanova Golf** when designing these 18 holes Manuel Pinero has come up with a course that medium handicap players will find is a pleasure, yet challenging to play. Strategically placed bunkers and lakes populate the course, and it's hard to believe this green and tranquil sanctuary is only minutes from the coastal village of La Cala.

**Alhaurin** The full length course is up and down and fairways are long and narrow so straight hitting is a must in order to avoid bunkers, lakes and the colourful array of flowers which make the rough look almost inviting. Playing here, however, is less intimidating than it appears and with up to six teeing areas at each hole Alhaurin is adaptable to various standards of golfer.

**Marbella** the 18 hole layout was designed to provide a testing but enjoyable game for golfers of different abilities. Bunkers abound and the rough can be difficult for shots that stray. Several lakes, which enhance the scenic value of the course particularly on the back nine, have to be successfully negotiated to preserve a reasonable score-card. Every hole is unique in design and character.

**Santa Clara Golf** first opened in July of 2001. This golf course is located only two kilometres east of Marbella on the Costa del Sol in Spain. Enrique Canales designed this course in "Park-land" style and, although Santa Clara Golf is located in an undulated area, it is relatively forgiving but a must to play on this quality course.

Prices are based on groups of 8 golfers **with only 7 paying** sharing twin rooms, 2 hire cars (VW Caddy or similar) and shared buggies. For further details on this package or any other enquiries just send an e-mail to [info@directgolfholidays.com](mailto:info@directgolfholidays.com)
