Santa Clara Golf

Marbella Golf

Los Arqueros Golf

Santa Clara Golf first opened in July of 2001. This golf course is located only two kilometres east of Marbella on the Costa del Sol in Spain. Enrique Canales designed this course in "Park-land" style and, although Santa Clara Golf is located in an undulated area, it is relatively forgiving but a must to play on this quality course.

Marbella the 18 hole layout was designed to provide a testing but enjoyable game for golfers of different abilities. Bunkers abound and the rough can be difficult for shots that stray. Several lakes, which enhance the scenic value of the course particularly on the back nine, have to be successfully negotiated to preserve a reasonable score-card. Every hole is unique in design and character.

Los Arqueros Set in the mountains on the road to Ronda the layout is breathtaking in more way than one. The opening was eagerly awaited and has not been a disappointment. Now with new owners in charge the club is benefiting from a program of improvements and rejuvenation. Located five kilometres from San Pedro de Alcántara it is well worth a drive into the mountains.

Prices are based on 4 people sharing twin rooms, car hire (VW Caddy or similar) and shared buggies. For further details on this package or any other enquiries just send an e-mail to info@directgolfholidays.com
