**Salgados**

**Pestana Alto**

**Laguna**

**Morgado**

**Salgados** Its proximity to the sea and various lakes make it an interesting test of golfing skills. A good drive is essential to obtaining good results, making it an especially enjoyable course for players with good technical skills. Moreover, its eighteen holes are especially balanced, each half of the course having two par 5 holes with a length of some 500 metres and two par 3 holes with over 170 metres.

**Pestana Alto** The last course designed by Sir Henry Cotton, a challenging course for all levels of player, but most suited to the mid to low handicapper. This long course has gently rolling fairways with scenic views of the Monchique mountains and the Algarve countryside with occasional sea glimpses of Lagos Bay. The fairways are in good condition, and the greens are excellent, most well guarded by strategically placed bunkers.

**Laguna Vilamoura** Laid out over low-lying coastal terrain, this course, with its many water hazards and few trees, is considerably different from the other ones at the resort and many of its holes convey a links atmosphere. U.S. golf architect Joseph Lee designed this course which was opened in 1990 and many previous visitors will recognise it as part of the former 27-hole Vilamoura III course.

**Morgado** One of the longest in Algarve. It has five PAR 5 holes, nine PAR 4's and four PAR 3's. This course is quite new and was open in 2003. Situated North of Portimao it is the nearest to Casa Abilheira. It is situated on a vast 980 hectare estate through undulating small valleys. The large open spaces will demand good putting skills. Also there are deep bunkers so the player must be accurate.
